no two alike

People aren't one-size-fits-all. So why should your furniture be?

You've always wanted a statement piece, right? No problem. All it takes is a trip to the fourth dimension: **your imagination.**

With dimension four, you can cut loose and imagine hardwood furniture in the precise sizes, colors, finishes, and features you want. Then, work with your dealer to make it a reality—quickly and easily.

Were you going to settle for what happened to be on the showroom floor? Naah.

tv bases

In this section are bases for flat screen TVs. They can be built to accommodate any size screen available.

Each base contains plenty of room for all your electronic components, as well as for Blu Ray[®] discs, DVDs, or displaying your favorite stuff.

Finally, any TV base can be turned into a complete entertainment wall unit just by adding a hutch, or flanking pier towers and a bridge or bridge cabinet.

versatile bookcases

We call them “bookcases,” but we all know the sky’s the limit when it comes to what they can display.

Choose just one if space is limited, or buy in multiples to create an entire wall of storage.

Finally, combine bookcases with pier towers to make an impressive statement piece for any room in your home.

home office furniture

Whether you're among the growing numbers of people running small businesses from home, or just want a place to work in a beautiful setting, we've got what you want.

Dimension Four hardwood office furniture will hold up under daily use for decades to come. Our desk pedestals include pullout trays with ball-bearing slides standard—unlike most furniture makers.

Choose from our wide array of desks and tables, then add hutches and filing cabinets for even more storage.

Pullout trays with ball-bearing slides are standard on all desk pedestals.

stains & paints

Ohio Certified Stains™ by Valspar

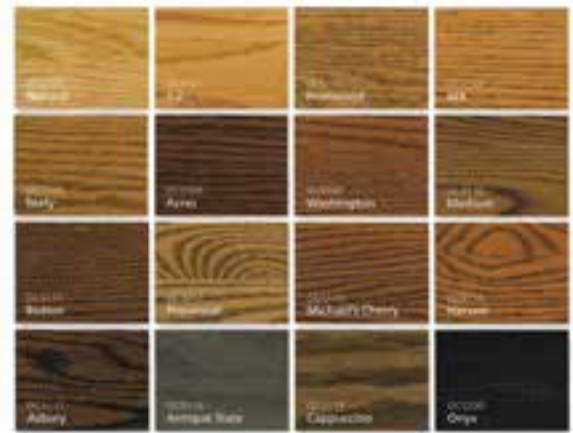

For a consistent stain and the most accurate color possible, we use OCS stains made by Valspar. Ohio Certified Stains ensure that customers buying Amish furniture receive matching pieces no matter which shops they buy from throughout the country.

Minor variations will occur based on the wood coloration itself and the methods of sanding, spraying, and wiping. Ask your dealer to see actual wood samples with stain to get the best idea of the final result.

When new colors are added by Ohio Certified Stains, they'll be available from Dimension Four.

Ohio Certified Paints™

Ohio Certified Paints provide eight classic colors for customers whose tastes lean toward the traditional. Shown below, these colors *approximate* the results on actual wood. As new colors are added by Ohio Certified Paints they will be available from Dimension Four.

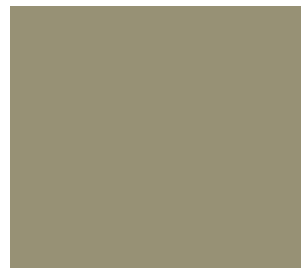

OCS-341 White

OCS-342 Country White

OCS-348 Chelsea Gray

OCS-346 Green Frost

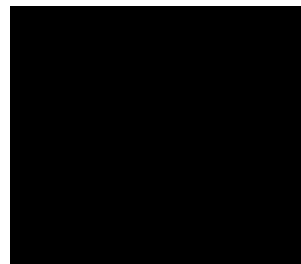

OCS-345 Hunter Green

OCS-344 Cran Apple Red

OCS-347 Royal Blue

OCS-343 Black

Benjamin Moore® Paints

We use Benjamin Moore superb-quality paints exclusively. Why Benjamin Moore? Partly it's their more than 3,500 colors. But it's also their commitment to making the best paint possible. More than 100 chemists, chemical engineers, technicians and support staff work to make sure their formulations are best in class.

So search the world of Benjamin Moore paints and find that perfect color to make your statement piece truly one-of-a-kind! Go to benjaminmoore.com and click on COLOR > FIND YOUR COLOR.

finishing techniques

Dimension Four can apply our finishing techniques to any of stain or paint color combination.

So get creative—make your piece a unique heirloom to pass down to future generations.

Finishing techniques include *Standard* (non-distressed) plus three levels of distressing—*Heritage*, *Heirloom*, and *Legacy*. Heirloom and Legacy can be applied to either paint or stain, but Heritage is normally applied only to paint because the effect does not show well on stain. Glaze accents are also available.

standard finish on paint

standard

- Our smoothest, most even finish
- We may allow some natural defects in the wood if they contribute to the character of the piece
- Woods are carefully selected to eliminate any undesirable defects

standard finish on stain

heritage finish on paint

heritage

- Sand-through on edges of paint
- Stain and/or glaze applied after the edges are distressed, giving it the appealing look of an antique piece
- **Note:** *Heritage finish does not give the best results on stains, although we will apply it on request*

heirloom

- Rased, roughened edges
- Dings and dents applied
- Clusters of holes applied
- Glaze applied after painting or staining to highlight distressed effects
